ANOTHER ANGLE

Seeing your life through the lens of the Gospels - Mark 1:40-45

1. Jesus' compassion for people suffering was an outstanding characteristic of his ministry. We see the healing power of God's work through him. Recall times when the compassion of others has had a healing effect on you. Remember also when your compassion towards someone in trouble brought them hope, healing or strength.
2. 'If you choose, you can make me clean'. Our choice is a key factor in how we affect others. We cannot choose to have no impact on the people in our lives. Even a choice to do nothing has an effect. When have you been particularly aware of the importance of your choice to be a positive influence on another?
3. Lepers were forced to live away from others. The leper's cure meant that he was also readmitted to contact with the community. Perhaps you recall people who were once ostracized being brought back into family or community. Who was the Jesus person who helped this healing to take place?
4. The joy of the leper on being healed was such that he could not keep the good news to himself. Bring to mind occasions when you were so filled with good news that you could not keep it to yourself.
